“ *To my Classmate & Friend,*

I am very shocked & saddened by your passing. You were a favorite of mine in high school and it was nice to reconnect when meeting for the lunches to plan our class reunion. You were welcoming and polite; the same easy going, pleasant, and easy to like person I knew when meeting in 5th grade and all throughout our years @ NVAS. Someone always had a story to share from back then and catching up on current events was also part of our time spent together as well. It was good fun to reminisce and "yuck it up" about all the shenanigans from those enjoyable years. What I did learn about you, was your pride in being in the service and your employment at the VA. Rightfully so, and thank you for service.

You will be missed; our "lunch group" will never feel complete. In my mind and in my heart you always be right there in your seat. I will miss the fun and your laugh! It will be easy to remember you as you share a birthday with my Mom. So Happy Birthday today my friend!

To Colleen & family, Carrie & Christie, all Darrell's children & families, siblings, and all extended family & friends; you have my heartfelt sympathy and caring. You will be in my thoughts as you move forward in life without your loved one. He will be missed by every life he touched. Take care and blessings to all.
