“ I have worked with David a little more than 5 years now. I don' know much about hydroelectric stuff, but if I had a question, he always took the time to educate me. Must have been quite frustrating for him, but he never made me feel that way.

I came to know Herbie as a thoughtful caring man. "Salt of the Earth"

I will miss him dearly, but am fortunate to call him My Friend.

Herbie, Go be with God!

“ *David was always one of my favorite cousins because we grew up together playing in the woods behind the barn when I visited from Illinois. I remember him as kind and lots of fun as well as a very hard worker. He was special!* 🤔

“ *David had an impact on my life even with the little time we got to spend together. David was my Grandma Marjorie's brother, and I have some foggy memories of seeing him at family gatherings when I was really young. However, last spring my fiance and I were at the Memorial Day service downtown Iron Mountain and I saw him way on the other side of the crowd. My fiance thought we should go say hi and see if he remembered me. The second I walked over and introduced myself as Marjorie's granddaughter, his face lit up and he said he recognized me! We talked about work and what was going on in our lives. And then before we left, I went to shake his hand but he stopped me and said he was a hugger and gave me a big hug! I'll always remember how kind he was to me that day.*

“ *I have so many childhood memories of all of us cousins playing together every summer when we visited. Playing at the farm, swimming in the pond at Grandma's, playing hide and seek at night in the cornfields. David was always a joy to be around. A fabulous sense of humor and he had a great smile! The last few trips we have made up north, I have not been able to see him as he was always working out of town. I am so sad about that now. He will be greatly missed, but I am thrilled to be able to say he was my cousin.*

*Love to all,
Claire and Scott*

“ So sorry to hear of David's passing. The Lord had a place for him and a reason and did not let him suffer. My brother Bob Petrick said he will sure miss David as he liked to stop by your house and talk with him as they were both inventers and could do anything. Right after the holidays we ran into David at Walmart. He said he had not run into us in years so we stood for a good 10 minutes and got caught up. He seemed so good then and was in no hurry to quit talking. So glad we had the visit. Now is time for the family to take care of each other and to remember all the good things and times. I know how hard it is but God does help us thru it. Prayer to all of you.

“ Please accept condolences in the passing of Dave. Dave was a problem solver, the bigger the problem the happier he was. I worked with Dave for over 25 years and I knew he had a big heart. He was my friend. Rest in peace Herb.
