“ We will miss Grandpa Jerry and the fond memories he leaves behind. He enjoyed grooming snow in his yard for his grandkids to sled and toured us around his garden many times. It was the largest vegetable garden I've seen! Thanksgiving and Christmas with our family at Grandma & Grandpa's home in Hardwood was a childhood staple, often including Grandpa leading us in a toast. Visiting their house in Hardwood was always an adventure. In 2011, I spent a day deep sea fishing in the Gulf with Grandpa, it was the best - he was in his element fishing and spending time on the water. I am glad that Grandma and Grandpa are together again. Grandma has been waiting for him, just as fat and sassy as ever❤️

God Bless you Gerry. You and Dana and your entire family were always warm and welcoming to us. You took me to a lot of fishing spots and I learned a lot from you. You were always willing to show us where and how to catch what was biting at the time. I remember fishing with you and little Butch on Vulcan Lake, the Sturgeon River, the Menominee River, and Little Bay De Noc. We netted smelt at No See Um Creek and snowmobiled across the railroad bridge over the Sturgeon on the way back from Beaver Pete's. (A curve ahead and a curve behind. I didn't even know that track was still being used until we were 1/2 way across.) We enjoyed The Oak Ridge Boys at the Escanaba Fair with you and the family absolutely pigged out at your house on Dana's cheese and potato pierogies swimming in butter. A lot of good memories that I will always cherish. Thank you for who you were to us. I'll always remember you and Dana. Hope to see later.
