*Lori was such a wonderful neighbor! She kept a low profile; lived quietly & simply. Was always friendly & a pleasure to chat with. Our last exchange was a bit ago, we talked about how lovely her home looked after the update completed last summer. She was proud and so happy with the results. Always took great pride in her home and yard. Her daffodils are up and it makes me very sad that she can't enjoy them. Gone way too soon.*

*I met Becca through banking business years back and in sharing our family histories, she expressed her close bond with her Mom. Such sorrow in her loss; she was a "peach"! I will miss her wave & smile.*

*Heartfelt Sympathy to Becca & Family, Todd & Family, extended Family & Friends. Blessings to All. May your memories provide Peace & Love as you move forward.*

“ *Lori my cousin, how sad I was when I received this unexpected news! It seems like yesterday, when we were playing in the play house that your \Dad built. Your Dad my uncle Vern. This is also for cousin Todd. My heart goes out to you. I know how close you were and her passing will always break your heart. I know you were not able to get in touch with us as our phone number is unlisted and we moved. Fortunately the Vivio's sent the article in the paper. As I am writing this I am still in the state of disbelief! And Becca, losing your Mom! She was the best! All too soon and I am so sorry, When you have her memorial service we will be there. Until then Love to all of you.....Cousin Joy*
