“ *The photo of Loren is... so Loren. A smile, a twinkle, like he is just about to say something that will make you smile or laugh. It is hard to accept that the time has come when one by one the class reunions become smaller and that time waits for no one. Enjoy life on the other side, Loren. Make the angels laugh!!*

“ *I have a lot of great memories of fuzzy from high school years and afterwards. A lot of those memories were about dumb stuff we did back in the 60s and 70s, and wondering why we were still alive. One of my favorite memories of fuzzy was at one of our class reunions held at the American legion Post in Stephenson. Fuzzy came in hollering like a wild banshee, dressed in a day glow wig, jean jacket with peace symbols all over it and bell bottoms. It was so darn funny. I will always remember fuzzy for his love of life, his wild laugh and sense of humor. You will be missed my friend!!! Anna and family you have my deepest sympathy 😞*
