“ To the family of Mitzi, I just wanted to share with you how I met Mitzi. My daughter, Amy, came home from her first day of riding the school bus and told me there was a "little girl" from the "other Lake" whose mother looked just like me! This little girl, who was Sheri, befriended Amy by sitting with her on the bus. After hearing again and again that this lady looked like me, I decided to go down and introduce myself. I did just that and of course those of you who know the two of us know that we did not resemble each other at all, but a beautiful friendship developed from that meeting. When school was cancelled due to "bad weather", I'd go pick up Mitzi, Aggie and Margie and we would ride up to Jeanette Zachowski's farm house in Waucedah, dragging snow all the way, with our kids stuffed in the car (the days before required seatbelts) and play canasta. I have so many good memories of time spent with Mitzi, and yes, she was a wonderful baker. In later years we did not see that much of each other, but when we did, the friendship just picked up where we left off the last time we saw each other. She will be missed.

*My sympathy to her family. This was a hard year they just lived and I pray they will now find peace that she is no longer in pain.*

*her friend and neighbor, Judy Orn*
