“ Dear Nanc,
I know you are up in heavan taking care of all the babes & EVERYONE else!! When I was a new fresh nurse @ Anderson Memorial Hospital you taught me more about the care of infants and patients than I could have ever have learned from a school book! I always loved your humor and your love for people and especially your commitment not only your patients, but your frequent admissions about your love for your husband, children, & family. You taught me alot, to be able to be professonal and infuse humor always.. You were a mentor & friend.. It was always good to see you through the years & I loved how much you enjoyed being with your hubby vacationing!! You deserved every bit of that.. You were truly an inspiration to me. To your family, I am so sorry for your loss.. If you listen to the wind ,watch a flower grow, or look at the stars at night you know she is with you. I just loved her!!
