“ *Doc and Ruth raised such a special family by being so loving and giving themselves. I treasure all the years they shared their life with me and so many others. Penny was always kind to me when I had a chance to see her. I visited her maybe 10 years ago at her house and she was so kind. I'm so sorry for your loss. Love, Terry Noordhoff Gregory*

“ I first met Penny 32 years ago after I had lost my hearing from meningitis. She came over to our house to teach me sign language. She was always so enthusiastic about teaching not only to me but also my little nieces and nephews who watch her intently. She signed mass for myself and the Lees for many, many years purely out of the kindness of her heart. I would always enjoy our yearly trip to Marquette where she would sign in front of the Bishop for a special mass for people with disabilities. Several times she generously drove me to Ann Arbor for my cochlear implant appointments. I also have fond memories of our 4-wheeler rides behind her house. She was a very giving person, and will be missed by everyone who knew her. God bless you Penny.

“ The Hayes family has been like a second family to us for years, especially to my sister Angela and my nephew Nickolas. Penny took in Nickolas and always treated him like her own son and loved him dearly. She has done so much for others and her presence will be greatly missed. Sending thoughts and prayers to everyone who is affected by her loss.

“ Penny has been a friend of our family for 30+ years. What a special woman. She taught our brother Mike sign language and would sign Sunday mass for him and others at St. Mary’s church in Norway. This was the beginning of a bond they shared and a special friendship and many wonderful memories throughout the years. Penny was a kind, generous and most thoughtful person in her time and her caring heart for so many. God bless her and her family. Our thoughts and prayers will be with you all. Mike and “Krause” girls.
