“ I really have no memories of my Grandfather, Clinton Turner as he never acknowledged my Father, Lloyd who was made to believe he was the son of Chester Franceschini & Louise Menghini but Chester died 2 years prior to Lloyd's death. Then Clinton married Louise's sister, Rose - what a story right? We found this out after my father passed away & his older half sister's gave up the truth but only after the funeral director approached us at his funeral since my mother listed his father as Chester & he said it wasn't possible. Then we started questioning his sister's Marie & Dorothy. We feel bad that he had no father throughout his life & we never knew our grandfather. He worked very hard all his life to support us and was a very good father. He died too young due to the hard construction work with asbestos in his lungs that caused the cancer that killed him at 72. So sorry for your loss - we wish we had known Sharon & Evelyn.
