“ Shirley was a dear friend of my mother and father. After they passed we continued to visit her in Norway at her house and at Evergreen and often enjoyed taking her to dinner at Solberg's and the Greenleaf. We miss her a lot ! Mike & Carol Hosking

“ Our condolences to Shirley's family. She was a cherished friend of my grandmother, Lenore Soderlund. We enjoyed seeing her in town in her younger years, and at Evergreen Meadows when she would stop by to visit my Nana with her little dog in tow. She was a delightful lady to the very end, with a bright smile and a twinkle in her eye. She will be missed!

“ So sorry to hear of Shirley's passing, she was such a dear friend of ours "we called her grandma Shirley" she always watched for us to walk passed her house with our dog and would always come out for a chat. Even when she moved to Evergreen and would take a drive she would stop to visit with us everytime she would see us. What a dear lady and we will miss her, prayers to her family.
