“ Steve and I were known as the "Mighty Mites" in High School at Edwards AFB, he was by far the biggest thrill seeker I have ever met. We had several classes together including metal shop which was a pure blast, we also shared an interest in the outdoors and joined the Explorers Post and went on many outdoor outings, Steve also joined the cross country team and did quite well at it. We made a pact someday to meet and explore the Bermuda Triangle. After Steve moved to MI we met up again for a short period as he temporarily moved to Fairfield CA before going back to MI and we eventually lost touch. I'll always remember his sense of humor, smile and quick wit. Steve will always hold a special place in my memories.

I didn't know Steve real well (I was just a customer of his) I knew him well enough to know he was a genuine friendly person who was always more than helpful with getting me what I needed and keeping me going with my garage time at home and at Powers Printing.

I am truly sorry to hear of his sudden passing and would like to express my deepest condolences to Terra.
