“ *The stories I could share of getting to know Terry from "back in the day" when my family moved to Michigan from Maine/southern Illinois.... But I will always crack up when I remember how he acted when I brought my car to Kmart because I was having issues and I knew he could fix it... When he opened the hood, it was packed with snow from traveling ... he dropped his head, sighed and look up at me slightly shaking his head and rolled his eyes... " I do not even want to know how you did that".... he parked it off to the side and in a couple days it was snowfree. He and Deb were wonderful and I loved with helping to sponsor Tom's race car for a couple years. Imagine my joy when he came as a DICSA driver to support me in my post surgery days several years ago. A good man.....*

“ Terry was a classmate throughout all my school years. I am saddened by his passing. He always had a smile & usually shared a quick quip said in fun with his notable sense of humor! Years ago I worked at ShopKo Pharmacy with his wife Deb. His Mom Marie was my nurse when my daughter was born at Anderson Memorial in Norway. She taught me so much; what a gem!! It's no wonder he was such a great guy.

My condolences to Berdina, his children, brother & all his family and friends. He will be missed so much by all who loved and cared about him. Take care, may your memories gradually provide you serenity and peace.

“ Terry was a family friend and my sister Marilyn has been close to him for years..The last time I saw Terry was in Vegas at my her house on her birthday. He was 3 years younger than me, but our families were close as my mother would play cards with his mother (Marie) at least once a month in her upstairs apartment or at our house. They only lived 4 houses down from us on Maple St. When we were real young, Terry and I would play with our miniture cars in Gary Dutells sand lot which was right next door to his house. He will be missed and the world has lost a great man. Rest in peace my friend.
