“ I am Rachel Peterson's mentor. She shared with me today when I visited her that her father, Terry Peterson, had died. She loved him very much! She was very sad about losing him and especially missing his funeral and seeing her family. She loves all of them very much! Because she is unable to send her thoughts, I am sending this on her behalf as I want her family to know that she often talks about all of you and has shown me many pictures.
