“ Our condolences to the family and friends of "Doc". We got to know him because of our cabin in Beecher. We enjoyed many great times with him and Alice both on the river and on land. They were both so young at heart and once you were in their company, it was very hard to leave! Many fond memories with both Doc and Alice and hope you are back together in heaven....entertaining and doing all the things you loved most.

“ Dear family and friends of Doc,

We sure hope to join you Friday to honor and celebrate Doc's life however the weather may not cooperate as freezing rain and snow are predicted for the north.

We met Doc 25+ years ago golfing one morning at Green Acres, well, by the end of the round of golf we were invited for a boat ride on the river! I doubt he ever confirmed this invitation with Alice!!! So we show up at his house that afternoon and you would have thought they knew us for years. So gracious and warm with genuine hospitality. That first encounter was also memorable as the steering cable on the boat motor broke and Doc never got flustered.....he just sat on the motor and steered with his behind!

We always felt Doc was the 'founding father' of our river neighborhood. What a special privilege to have him and Alice as friends. The many dinner parties, events at Four Seasons and Green Acres, pontoon floats.....the list is endless. If we had to pick just one memory that will stay with us forever it would be Doc dancing the 'alligator'..... no one of any age could do it better!

God graced us all with Doc's friendship.....what a wonderful gift. It is comforting to believe he is now reunited with his beloved Alice and receiving God's gift of eternal life.

With heartfelt sympathy,

Sally & Jan Dery
